

# Annual Report 2021-2022

**Palashipara Samaj Kallayan Samity (PSKS)**  
Gangni, Meherpur

## BACKGROUND

The organization named Palashipara Samaj Kallayan Samity (PSKS) was established as a Club by some enthusiastic youths of village Palashipara of Tentulbaria Union under Gangni Upazila of Meherpur District belonging to the south-east region of Bangladesh on 15 February 1970. The initiators were: 1) Md. Nazrul Islam (President), 2) Md. Suzauddin (Vice-President), 3) Md. Mosharrof Hossain (Secretary), 4) Md. Emdadul Haque (Treasurer), 5) Md. Rustom Ali (Subscription Collector), 6) Md. Abdul Aziz (Librarian), 7) Md. Zohir Uddin (Member), 8) Md. Abdul Jalil (Member), 9) Md. Abul Hossain (Member), 10) Md. Daulat Hossain (Member), 11) Md. Babur Ali (Member), 12) Md. Daud Hosain (Member), 13) Md. Nafar Uddin (Member), 14) Md. Golam Hossain (Mmeber), 15) Md. Ayeen Uddin (Member) and 16) Md. Mosharef Hossain (Mmeber). The organization came into being in concern of education and control of early marriage and exceeding population in the un-elevated and problematic area. The Club had no Office of its own till 1975. The Library was started in the wall-almirah in the reading room of the Founder Secretary Md. Mosharrof Hossain with personal endeavour of the members.

Despite unwillingness, Md. Forman Ali built an office room in his own land adjacent to his house in 1975 and allowed to resume the club activities there. All the members built there a room with muddy walls and straw-shade with their physical labour. As the number of readers in the library was very poor, there started Adult Education Program voluntarily in 1975. The organization got registered with the Department of Social Welfare on 20 August 1976. As a result of getting registration, enthusiasm and inspiration of the members increased gradually. Most of the members of the club were then victimized to early marriage. Realizing their own necessity, they became clients of family planning through establishing personal contact to the Office of Family Planning and collecting contraceptives, they distributed it among the close connected people.

In quest of further development of the club, some club members went to visit 'The Aruapara Club' in Kushtia in 1977. There found a letter in Bangla from Family Planning International Assistance (FPIA) in a dustbin of the Club. Taking the letter with consent of a member of that club PSKS wrote a letter to FPIA. In this contrary they sent several numbers of cartoons of contraceptives directly to PSKS Club through a representative of Home-bound Shipping Corporation without any prior information or contact. On receipt this the club members became more inspired and felt high intentness to work and they resume voluntary FP service very secretly. The cause for secrecy was that then it was much difficult to openly say about family planning. Afterwards the Club got registered with the Department of Family Planning on 15 August 1978 as per advice by the then Thana Family Planning Officer, Mr. Anwaruzzaman. PSKS got Tk.3,000 as donation from the Department of Family Planning in that year. Having received the donation, a pervasive response to work rose among all.

Later on a team of delegates came from the Department of Family Planning to evaluate PSKS's activities. They informed that it would not be possible to grant PSKS any further donation as it was for the urban areas. They divulged high satisfaction at PSKS's performance. The evaluation team, as consolation, assured that they would recommend for PSKS to some foreign donor that would have intention to work in the rural areas. As they said, so did they! A letter was sent from "The Asia Foundation" in 1980. And as a result of contact in accordance with that letter, Officers from country and abroad in favour of "The Asia Foundation" came to visit PSKS for several times. Next time they themselves prepared for PSKS a project proposal which was submitted to the government's National Committee "FPCVO" and after rambling for many times, PSKS was granted a budget of Tk.152,100 which was beyond expectation for the organization. Some persons among those members of the organization who were spokesmen of excessive population control and who were clients of family planning became staff. In search for female worker, some staffs made their wives Field Workers. The members began to run the "Integrated Family Planning Project" with nominal remuneration.

The then Sub-divisional Officer (SDO), Mr. Toufiq-e-Elahi granted PSKS some bundles of tin and it made a thatched house where the project activities began to run. The members who got opportunity to become staff, proposed for a brick-built office building instead of clay made tin-shaded previous office. But there was no money accumulated. One taka monthly subscription by the members was the only income source of the organization. To tell frankly the members used to arrange the monthly subscription by stealing and selling something from their own houses. As job opportunity was beyond their dream, the members altogether decided to donate their six-months' salary/allowance to the organization and afterwards they would continuously contribute 5% of their monthly salary/allowance as donation and if needed they would contribute more. The assets that have been created in the organization up to now are the result of their vow. Afterwards Janab Forman Ali, being satisfied with the organization, donated 2.5 decimal of land. It was possible to build a one-storied office on that land with the staff donation. Mr. A.K.M. Fazlul Haque Mia, the then District Commissioner formally inaugurated the office building. Overcoming all the barriers the organizational activities have been expanded day by day as a return of untiring efforts and dedication by the staff and members of the organization.

## BACKGROUND:

The organization (Palashipara Samaj Kallayan Samity) was established by some youths of village Palashipara of Tentulbaria Union under Gangni Upazila of Meherpur District on 15 February 1970 in order to enhance quality of life of the under-privileged people in the community.

## VISION:

Least advantaged people celebrate their lives with dignity.

## MISSION STATEMENT:

We are committed to empower the least advantaged people of Bangladesh. For this, considering the aspects of livelihood, health & family planning, climate change, human development and rights & governance, in collaboration with the key actors in the public sector, private sector, and civil society:

- Support the individuals in blooming their innate potentials through awareness, education and skill transfer;
- Play a catalytic role in strengthening linkage between the rights holders and the duty bearers; and
- Facilitate supply of financial and non-financial inputs.

## VALUES:

- Transparency
- Equity
- Dignity
- Integrity

## LOCATION:

The Head Office of Palashipara Samaj Kallayan Samity (PSKS) is located in Gangni Upazila Sadar under Meherpur district, the south-west region of Bangladesh. 65 branch offices: Gangni-8, Meherpur Sadar-2 and Mujibnagar-5 under Meherpur district; Daulatpur-2, Bheramara-3, Mirpur-3, Kushtia Sadar-3, Kumarkhali-1 and Khoksa-1 under Kushtia district; Alamdanga-3, Damurhuda-3, Jibonnogor-1 and Sadar-1 under Chuadanga district; Faridpur Sadar-2, Charvadrason-1, Nogorkanda-1, Modhukhali-1, Bowalmari-1, Alfadanga-1, Shaltha-1, Bhanga-1, Sadarpur-1 under Faridpur District; Madaripur Sadar-1, Kalkini-1, Rajoir-1, Shibchar-1 under Madaripur District & Jhalokati Sadar-1 under Jhalokati District; Sariatpur Sadar-2, Noriya-1, Jajira-1, Vedorganj-1, Damudda-1, & Goshairhat-1 under Sariatpur District; Manikganj Sadar-2, Satoriya-1, Singaier-1, Shibalo-1, Harirampur-1 and Daulatpur-1 under Manikganj District are locally functioning for well-running of the activities of the organization. The branch offices are playing direct and active role for implementation of the activities.

## EMPLOYMENT CREATION PROGRAM (LOAN PROGRAM):

The workers of the organization form groups (Samity) among the target community through individual and group discussion in order to bring their economical solvency and self-employment creation for poverty alleviation by providing the rural poor, indigent and unemployed women with various training and loan support.

Concern staff enlightens on their (group members) everyday familial and economical problems to grow awareness. They try to reach proper solution of their problems by thinking jointly. The groups are encouraged to undertake personal and joint ventures. They deposit regular savings to form capital as to strengthen their economic condition. At present there are 1,732 Samities with 23,982 members. Total savings capital of these Samities is Tk. 15,99,84,133 only.

In addition to social development, Samity members are provided with loan at an endurable system to undertake income-generating activities for their economical development. Out of the total group members 23,982 at present 22,532 are using loan. This year Tk. 1,00,18,97,000 has been disbursed among 25,558 members for running mainly small trades, livestock and agriculture as well as vegetables cultivation.

### Year wise beneficiaries, savings, loan disbursement and loan recovery statement:

Group Member at self-employment activity

Group Member at self-employment activity

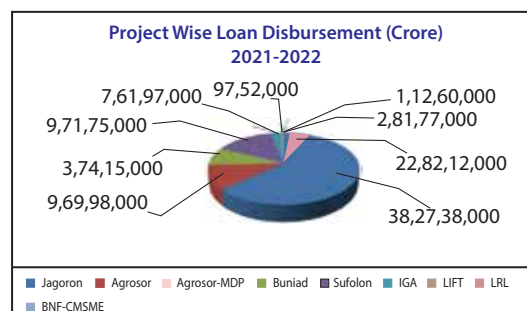

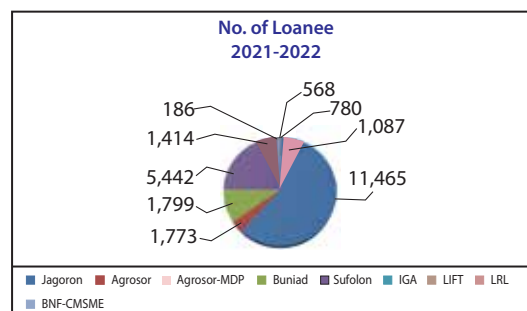

Group Member at self-employment activity

## Projection of Loan:

Loan activities are implemented through different projects namely-1) Jagoron, 2) Agrosor, 3) Agrosor-MDP, 4) Buniad, 5) Sufolon, 6) Income Generating Activities, 7) LIFT, 8) LRL & 9) BNF-CMSME

### Project-wise loanee & disbursed amounts

Name of Project	Loanee	Loan Disbursed
Jagoron	11,465	38,27,38,000
Agrosor	1,773	22,82,12,000
Agrosor-MDP	780	9,69,98,000
Buniad	1,799	3,74,15,000
Sufolon	5,442	9,71,75,000
IGA	1,414	8,00,80,000
LIFT	568	97,52,000
LRL	1,087	2,81,77,000
BNF-CMSME	186	1,12,60,000
<b>Total</b>	<b>24,346</b>	<b>80,86,74,000</b>

## Important Information/Indicators of Loan Program:

Indicator	2019-2020	2020-2021	2021-2022

### Member's Welfare Fund:

Besides economical sustainability of the group members "Members' Welfare Fund" is established to prevent frustration and recurrence of poverty in members' lives. Objective of this fund mainly is to recover the unpaid loan (principal) of the group member and the excess amount to be given to the family as donation in case of death (except suicide) of any member or her husband. This fund is also provided in case of financial crisis for any surgical procedure of the member or her husband or unmarried son & daughter. Moreover, a lump sum amount of money is provided to any member's meritorious son or daughter as scholarship. In this reporting year Tk. 49,59,203 has been given to 228 members (or families) in death case and 18 members (or family members) have been provided with health services worthy of Tk. 46,000.

*Handover of Death grant*

*Handover of Health benefit*

*Handover of Education benefit*

## ENHANCING RESOURCES AND INCREASING CAPACITIES OF POOR HOUSEHOLDS (ENRICH) PROGRAM:

"ENRICH" is the name of a newly innovated project invented from the brain of Dr. Khalikuzzoman, Chairman of PKSf's Governing Body. The main theme of the project is overall poverty alleviation and sustainable development of the grass root level poor families as well as to ensure humanitarian manifestation of all relevant people.

### Education Program:

The parents and guardians of the students/learners of the poor families, as they are illiterate or less literate, cannot spend time for their children's education in the school. As a result the children lack in school education and at last lose their interest to go to school. There is an arrangement for lesson learning for the students between play group to class two at the education centers operated at afternoon shift at the aim to readiness of daily lessons (Except government holidays) on regular basis in view to prevent drop-out in primary level. As a step for awareness rising for the parents and guardians of the students of poor families about education, a monthly guardian meeting is conducted at every center. The main objectives of the program are to bring improvement of the primary level learners, manifest merits by preventing dropout and remove learners' fear about school.

### Education Program Activities:

Activities	Achivement
1. Number of Education Center	45 nos.
2. Number of Students (Boys & Girls)	1128 person
3. Meeting with Gurdians/Number of Person	408 nos/6,591 person.

*Students at the Education Center*

*Session Conduction by Teacher*

### Health Service Activity:

The main objectives of health service activity is to ensure financial and social freedom and make both physical and mental welfare of the inhabitants of the union under ENRICH program, especially through developing sustainable health service for the marginal poor and under risk (women, children and the older) people. Specific objectives of health service activity are to:

- 1 create and increase access of people to quality health service;
- 2 decrease malnutrition of the mothers and childrens;
- 3 establish adequate arrangement for safe and hygienic delivery and newborn care; and

## FISHERIES DEVELOPMENT PROGRAM:

Bangladesh is a land of rivers. As a result of lack of navigability of rivers, canals and lowland, local varieties of fish is extinct day by day. Fishery program is being implemented through providing training, financial support and modern technologies to save these varieties from this imperiled situation as well as to ensure much production of local fishes.

## LIVESTOCK DEVELOPMENT PROGRAM:

The major portion of protein demand of the country is filled-in from livestock. There is high potentiality of tending domestic animals and fowl and opportunity for employment in this agriculture based country. In this context, PSKS is implementing livestock program through providing appropriate method, technical service and financial assistance to the community people.

## BLACK BENGAL GOAT BREEDING FARM :

Black Bengal goat rearing is a promising and profitable sector for poverty alleviation and socio-economic development. The flesh and skin of these goats are recognized as unique. Black Bengal goats give birth twice a year and can be easily reared by the poor people. The Organization has set up its own Black Bengal Goat Farm to implement the following objectives:

### Goals and Objectives:

- Collection of quality parent stock and production of goats;
- Assist the beneficiary in collecting parent stock;
- Selection of beneficiaries for implementation of field level activities and ensuring beneficiary platform for goat rearing;
- Supply of mother goats of good quality at the beneficiary level

## SENIOR CITIZEN DEVELOPMENT PROGRAM:

Generally the ending period of average age of a human being is said to be agedness or elderliness. According to United Nations Organization, people of 60 years or above in the underdeveloped country and that of 65 years or above in the developed country are defined as elderly ones. In Bangladesh perspective many people under 60 years are regarded as aged, especially the women of our country. The following activities have been undertaken to improve the lives of these aged people.

### Activities:

Activities	Achivement
<b>Senior Dependent Allowance:</b>	
1. Dependent Allowance for Senior Citizen	5,10,500 tk/147 people.
<b>Management and others:</b>	
1. Ward Meeting of Senior Citizen (two monthly)	53 nos.
2. Union Meeting of Senior Citizen (Quarterly)	5 nos.
3. Financial assistance for burial of senior citizens after death	1,28,000 tk/64 people.
4. The Best Senior Citizen Award	10 nos.
5. The Best Son Award	10 nos.
6. Sports and cultural events	2 nos.
7. Distribution of Senior Citizen Assistive Materials	6 nos.

Dependent Allowance for Senior Citizen

Distribution of Assistive Materials

Probin Sonali Uddag (Tea Stall)

Coordination Meeting of Senior Citizen  
Community

Senior Citizen Day Observation

Youth vs Senior Citizen Football  
Tournament

## ALTERNATIVE DISPUTE RESOLUTION (ADR) PROJECT:

The project is to establish fundamental human rights by making the catchments population aware of law and human rights. Especially, complaints of the inexperienced and orphan children who are deprived of their legal rights for not having proper guardian as well as disputes of the women who are oppressed, neglected or abandoned by the husbands, complaints of maintenance, dowry, divorce, dower (Moharana), second marriage and torture/assaults are compromised through mediation. In addition, land disputes of the landless people, complaints arisen from the lands settled tenure, land cases of the inexperienced children, widows and helpless people are taken for compromise in order to keep up their benefit.

We can perceive from our experience that it needs a lot of money, time and for nothing exasperation to conduct a court case. Besides expenses, it is a matter of long period to reach a solution. So, to avoid court complicity and expenses, complaints are compromised through mediation.

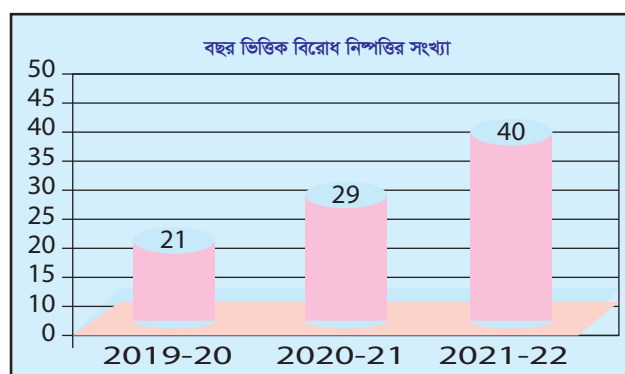

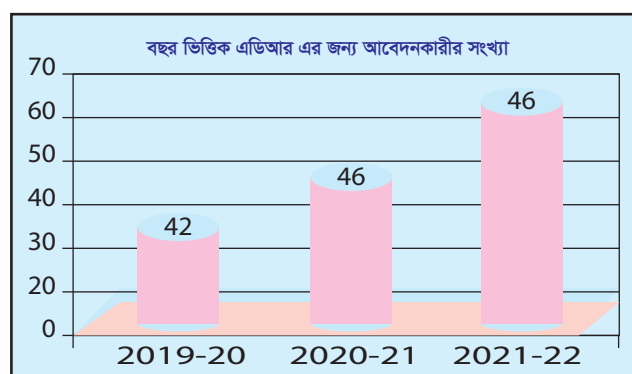

### Dispute Resolution (Mediation):

64 complainants applied to our Legal Aid Office to reach solution of their 77 disputes. Disputes of 40 complainants have been compromised peacefully in presence of the Legal Advisor, concerned staff and trained mediators through 65 sittings. A total number of 537 people were present during these mediation sittings. It has been possible to collect Tk. 6,95,000 from the opposition and given the same amount to the complainants as compensation

### Activities:

Activites	Achivement
1. Dispute	64 Nos

## VILLAGE POVERTY ALLEVIATION PROJECT:

Majhpara village is situated in Bagoan Union of Mujibnagar Upazila. The village is situated at the southwest corner of the Upazila with Indian border. It is a village that is less developed than other ones. As per survey report, there are 146 day labors, 139 farmers, 30 businessmen, 16 non-resident service holders, 7 van pullers, 2 clerks, 2 drivers, 3 government service holders, 2 quack doctors, 3 masons, 5 goat farmers and 27 people who don't have any fixed profession (they collect derelict rice, white, potato etc. from fields). There are 382 families of different professions in the village, of which 174 are poor. Most of the families of the village are poor and many of them don't use sanitary latrines. The following programs have been implemented with financial assistance of NGO Foundation for socioeconomic development of the village-

### Activities:

## MAMONI MATERNAL AND NEWBORN CARE STRENGTHENING PROJECT :

PSKS became a proud partner of Save the Children International again as one of the sub-awardee for operating USAID's Maternal and Neonatal Care Strengthening Program (MNCSP) in 2019. PSKS submitted Expression of Interest (EOI) for USAID's MaMoni-MNCSP in 2018. After passing different stages, the preapproval agreement (PAL) came into effect from 01 April 2019. However, during April and May, PSKS recruited staffs and began to implement activities from June 2019. Save the Children International provided all the project staffs and Program Focal Person with technical orientation and compliance guideline. After the orientation, PSKS has been implementing activities at the field level.

### Goal and Objectives :

The MaMoni MNCSP consortium embraces the Government of Bangladesh vision of "a Bangladesh where there are no preventable deaths of newborns or stillbirths, where every pregnancy is wanted, every birth celebrated, and women, babies and children survive, thrive and reach their full potential" and will meaningfully contribute to achieving its goals of reducing the neonatal mortality rate to less than 18/1,000 live births and the maternal mortality ratio (MMR) to less than 121/100,000 live births by 2022.

### Activities:

Activites	Achivement
<b>1. Improved responsiveness of district health systems to deliver patient-centered MNC services</b>	
1.1 Institutionalization of index of maternal and newborn services.	1 Nos
1.2 Provide Training to statisticians of DGHS to produce monitoring chart/tables on core monitoring indicator.	3 Batches

*Upazila Level Decentralization Planning*

*Organize a campaign on 'Zero home delivery'*

*FDR under MPDSR*

*Orientation of PPFP*

*Semi annual Performance Review Meeting*

*Orientation on MNHQI Bundle*

*Annual Planning Workshop*

## **SUSTAINABILITY OF INTEGRATED CHILD DEVELOPMENT PROJECT-SHISUDER JONNO (ICDP-SJ):**

### **Early Child Care and stimulation (Fetus to 3 years) :**

Early care and development of the child from fetus to 3 years project is working in coordination with the government community clinic. Provides information on early development of the baby, care of the child and care of the expectant mother to help the child develop intellectual capacity. PSKS is also assisting with 5 static clinics in two unions in setting up ECD corners and inspecting homes. Provides 'My Home, My World' and Child Development Cards Along with mothers counseling.

### **Early Child Care and Development :**

A one-year child care and development program is conducted for all children above 5 years of age before admission in primary school. Shishuder Jonno Program assisting 225 children of 45 pre-primary centers (24 in Gangni and 21 in Mujibnagar Upazila) in the intellectual, social, physical and cultural development of the child in a pleasant environment through various learning materials. The pre-primary centers are primary school and community based.

### **Basic Education :**

The purpose of the basic education program is to achieve a learning-friendly environment and class-based learning outcomes in primary schools. In addition, preventing school dropouts and ensuring school attendance is the key factors of basic education. Basic education is also important in determining strategies and locating solutions locally with the Primary Education Office to prevent dropouts from school and increase school attendance. Assists class one and tow's children in developing Bengali and Math skills.

Activites	Achivement
1. Preprimary Center	45 Nos
2. Total number of Children	903 childrens

### **Safe Water :**

In areas where there is an outbreak of arsenic, 32 water treatment plants have been set up to ensure clean and safe water for the children.

### **Adolescent Development :**

There are 10 Adolescent Centers have been constructed. Every Adoloscent Center have a group/committee, which was formed with 12-16 year olds. The team/committee meets once a month and discusses issues such as sharing experiences, identifying problems, practicing knowledge, playing games, etc. The groups work as community partners to help prevent child marriage, ensure primary education for all children, and protect children.

### **Child Protection :**

'Shishuder Jonno' project is committed to ensuring child safety and security. Backyard meetings and Coordinating child protection programs with suitable groom for marriage, leading individuals and local administrations to address social issues such as child marriage.

*Water Treatment Plant*

*Water Treatment Plant*

*Water Treatment Plant*

### **Child Rights :**

In order to protect the rights of the child, the NCTF committee formed at the union and upazila level is assisted in strategic and skill development matters. Such as regular meetings, training etc. In addition, to inform the local union parishads, upazila parishads and zila parishads as well as upazila and district administrations about NCTF activities.

### **LIBRARY PROGRAM:**

To help flourish humanistic knowledge and create scope for gaining ethical knowledge, the organization is operating a library with its headquarters at Gangni upazila. Local interested readers are gaining knowledge by reading different books and journals. The library contains a total number of 4,325 books at present.

### **SUSTAINABILITY PROGRAM:**

With a view to reducing dependency upon donor agencies and making the organization self-reliant through procuring own resources, PSKS has been able to set up a husking mill and bought 0.92 acre of cultivable land and 0.72 acre residential areas as its income generating initiative.

There is a two-storied own office building of the organization in the village of Palashipara for program operation. Apart from this, two two-storied buildings (one Office & one Clinic) have been constructed at Gangni Upazila Headquarters (Village Banshbaria) with organization's own income.

*Head Office of Organization*

*Clinic Building*

*Branch Office*

### **PROGRAM TAKEN TO PREVENT COVID-19 :**

Palashipara Samaj Kallayan Samity (PSKS) has been doing various type of social activities for the education, health and socio-economic development for the backward of least advantaged people of the society since 1970. Following this, the organization has been taking various activities to deal with Covid-19 since 2020. Notable among these are: Basin for hand washing, distribution of masks and hand sanitizers etc.

One day salary of all the employees of the organization is deposited in the Prime Minister's Relief Fund through PKSF. Providing food aid to the destitute and orphans through Meherpur Local Social Service Office. 16 oxygen cylinders were purchased. Of which 5 were handed over to the Deputy Commissioner of Meherpur District and 13 oxygen cylinders have been stored at the head office. With this, services are being provided to the patients who are infected with coronavirus and suffering from oxygen deficiency in the remote areas of the village.

## NAME OF PROJECTS, DONOR AGENCIES AND AREA OF OPERATION:

Sl. No.	Name of Project/ Program	Name of Donor Agency	Name of Project Upazila and District
